fleets of motorcoaches and mini coaches

*Who says we know transportation?*

**...OUR CLIENTS!**

“I cannot say enough about the outstanding job Olympic/Snyder Tours did managing the transportation for the Dalai Lama’s visit to the University of Buffalo. More than 80 buses were provided, to transport approximately 10,000 people, with flawless service and organization. The on-site management team was outstanding and contributed greatly to the overall success of the event. I highly recommend Olympic/Snyder Tours as your Transportation Management Company.”
